CNN BULLETIN

The National Labor Relations Board, Region 5, has informed NABET-CWA Local 11 that settlement packets will be distributed by mail to CNN discriminatees in the upcoming weeks. The settlement packets will explain the Board's approach to backpay remedies.

Region 5 expects settlement packets for those discriminatees not hired by CNN to be sent in the first wave of mailings. Those discriminatees hired by CNN will receive settlement packets in the second wave.

The Local encourages all discriminatees to keep their contact information up to date with both the Union and Region 5. Region 5 has established a mailbox and telephone number for discriminatees to access information about the settlement and provide updated information: CNNMailbox@nrlb.gov / 202-258-2789.

Local 11 will be scheduling a second membership meeting to answer questions in the upcoming weeks.

Fraternally,

Louis M. Marinaro
NABET-CWA Vice President
